Secretary Barrows, of the ball club, is getting up a daily bulletin of results of Inter-state games, which will be displayed early each evening at all places where fans do congregate.

President Howard Zigler stated, says the Columbus State Journal, that since Lima had taken Akron's place another

revision of the schedule would have to be made. Only such changes will be made that Lima may have as tew long jumps as possible. Mr. Zigler said that the league is now in better sinape than ever before and that all the clubs were firmly established.

The "fans" can send in as many pro-dictions as they desire in the INTELLA-GENERA'S base ball standing contest. There are 40,320 different ways in which the Inter-State clubs can stand July 4.

At Churchill Downs.

Louisville, May 21.—Interest centered in the first race at Churchill Downs to-day in which Jack Chinn's great Lissak and Walbann's Lamplighter were entered. Lissak, however, was scratched at the last moment and the once invincible Lamplighter lowered his colors to Lady Diamond, a fast filly by the Emperor of Norfolk and owned by Lucky Baldwin. Favorites captured three of the five events. The meeting at Churchill Downs will close to-morrow. The attendance this afternoon was in the neighborhood of 6,000. Track slow. Following is a summary:

NO EXTRA SESSION

Likely as a Result of the Income Tax

WASHINGTON, D. C., May 21 .- It is almost a certainty that there will be no extra session of Congress in consequence of yesterday's decision in the income tax case. Members of the administration who are undoubtedly fully acquainted with the President's views acquainted with the President's views and purposes state unhesitatingly that an extra session of Congress is out of the question. Nor is there the least likelihood of another bond issue. The treasury new has a balance of over \$192,000,000 which is available for all purposes, and this amount is more likely to be increased than diminished during the next few months. It is argued that the approaching fruit cannung season is certain to make a largely arguest that the approaching fruit can-ning season is certain to make a largely increased demand for sugar, which, owing to the small supply on hand, must be imported. The revenues from this source are confidently expected to reach several millions, and this, added to the large amounts which very soon will beein to come in from removal will begin to come in from renewed liquor licenses, will largely augment the revenues, even should the customs not meet present expectations.

Deafness Cannot be Cared by local applications, as they cannot reach the diseased portion of the ear. There is only one one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube.
